Copyright, Canada, 1953, by Henderson Directories Ltd., 279 Garry St., Winnipeg

Introductory

The present volume for 1953 is the 48th edition of Henderson's Directory of Calgary. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION starting on page 5 contains information about Civic History and Industry, as well as a complete list of Apartment and Business Blocks.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 21 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street, and showing the occupant.

The intersecting streets are shown in the order that they come.

△ Denotes that there is a Telephone in the house.

◆ Denotes that someone living in the house is the owner.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporation starts on page 325.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY at the back of the book exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

GREATER CALGARY POPULATION, in excess of 145,000 (est.)

The Directory estimate of population is based on the actual number of individual's names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Calgary Directory covers considerable territory beyond, but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Calgary may be obtained.

ADVERTISING CALGARY

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully,

The Publishers,

HENDERSON DIRECTORIES LIMITED.

May, 1953.

CALGARY

Statistical Information

(March 31st, 1953)

Incorporated as "Town of Calgary"

November 17th, 1884.

Charter granted for "City of Calgary"

September 16th, 1893.

POPULATION—

Greater Calgary, 145,000 (est.).

AREA—

40.1375 square miles.

ALTITUDE—

3439.71 feet above sea level.

FORM OF GOVERNMENT—Mayor and Council and Commissioner.

The council is composed of a Mayor and 12 Aldermen. The Mayor is elected for a term of two years from a vote of the entire City. Aldermen are elected from the City at large for a two year term, six Aldermen retiring each year. A Commissioner is elected at large for a term of two years. The Mayor and Commissioner form the Board of Commissioners, and is the executive body of the City. All elected officials of the City of Calgary are elected by the System of Proportional Representation with the "Single Transferable Vote." The "Initiative, Referendum and Recall" is in operation in Calgary.

PROPERTY ASSESSMENT—

1888—15,283
1891—1,911,735
1901—2,258,200
1911—52,746,600
1921—75,001,506
1931—70,607,486
1941—59,124,515
1949—79,866,955
1950—79,658,346
1951—88,030,414
1952—108,041,731

TAX RATE—

1952 — 59.25 Mills.

FINANCIAL INSTITUTIONS—

8 chartered banks with 19 branches; 10 trust companies and other miscellaneous corporations.

BANK CLEARINGS—

December 31st, 1952—1,722,203,570.

POSTAL RECEIPTS—

December 31st, 1952—\$2,055,532.

EDUCATIONAL—

93 Colleges and Schools.
7 Business Colleges.

UTILITY CONNECTIONS—

45,549 Light & Power Meters.
50,903 Telephones.
33,105 Water Meters.
38,039 Gas Meters.

APARTMENT BLOCKS and BUILDINGS—(Residential)

498.

CHURCHES—

116—representing all denominations

THEATRES—

17.

HOTELS—

29 of all classes.

HOSPITALS and HOMES—

23.

NEWSPAPERS—

2 daily.

AUTOMOBILES—

Number of passenger cars at March 31st, 1953—26,000 (approx.).

BUILDING PERMITS—

1947—10,589,240.
1948—13,950,205.
1949—21,881,928.
1950—25,864,399.
1951—22,361,790.
1952—\$38,773,122.

LIBRARIES—

One Public Library and 4 branches.

GOLF COURSES—

6.

CITY STATISTICS—

83.5 Miles paved streets.
289.6 miles of paved sidewalks.
300 miles of watermains.
301.5 miles of sewer.

FIRE DEPARTMENT—

28 pieces of equipment.
8 stations staffed by 217 men.

POLICE DEPARTMENT—

Staffed by 184 men.

POPULATION BY DECADES—

(Greater Calgary)

1884—5060
1906—20,000
1916—56,302
1921—63,305
1931—83,362
1941—88,904
1946—100,044
1949—114,000
1950—121,500
1951—(Dom. Census) 129,060
1952—136,719
1953—145,000 (Est.)

CITY TRANSPORTATION—

Street car and bus. 81 trolley buses, 50 gasoline and Diesel buses

PARKS—

Calgary has 453.29 acres of public parks and ornamental areas; 315.71 acres of playground and recreation areas, and 463.43 acres of miscellaneous areas including bridge approaches, cemeteries, etc.

EXHIBITION and STAMPEDE—

The exhibition was established in 1885—the first stampede was held in 1912—a victory stampede was put on in 1919—the exhibition and stampede combined in 1923, and have since then earned an international reputation, increasing in popularity from year to year. The average attendance is over 400,000 for the week.

Calgary

NAMING OF CALGARY

Calgary is named after the old home of Colonel Macleod in the Isle of Mull, Scotland, and was so named in the year 1876. Col. Macleod was then in charge of the North West Mounted Police fort, established at the confluence of the Bow and Elbow Rivers. The word "Calgary" is of Gaelic origin and means "Clear Running Water."

The City of Calgary is the business centre of Southern Alberta. The population of Calgary is estimated to be near 145,000. Its location on the C.P.R. main line and C.N.R. line in the foothills of the Rocky Mountains, at the junction of the Bow and Elbow Rivers, is picturesque. By reasons of its geographical situation, the abundant supply of pure water, the untold wealth of the surrounding country as yet only partially developed, and above all, by reason of its cheap electric power, the City offers most desirable inducements for the establishment of manufacturing industries.

Calgary is approximately 840 miles west of Winnipeg, 620 miles east of Vancouver and 138 miles north of the international boundary between Canada

and the United States. 85 miles east of Banff, the mountain playground of Canada, it towers above every other major metropolis with its altitude of 3439.71 feet.

TO TOURIST AND VISITORS

Calgary offers much of interest to visitors. Perhaps no city of its size on this continent possesses such fine business buildings or a larger number of comfortable and beautiful homes. It offers every facility for business or amusement that can be found in much larger cities wherever they may be.

For the sportsman there is, in season, shooting for duck, chicken, and partridge, as well as mountain trout fishing, all within a few hours' drive from the city.

Calgary is at the gateway of the Rocky Mountains National Parks and an extremely interesting and picturesque motor drive will take one to Banff (87 miles distant) and Lake Louise some 30 miles farther on. The Banff-Windermere Highway links up with the Grand Circle Tour (Blue Trail), which connects all the scenic attractions in Western Canada; passing

The Business District—Eighth Avenue, Looking West—Rosettis Studio Photo

The Indian section of the Parade which heralds the Calgary Stampede.

Rosettis Studios Photo

from Calgary south through Glacier Park (Montana), Yellowstone Park, Grand Canyon (Arizona), Los Angeles and then north through San Francisco, Crater Lake Park, Spokane, Columbia River Valley (Windermere), and Banff, east to Calgary. The Trans-Canada Highway around the Big Bend of the Columbia River and across the Rocky Mountains to Vancouver, was opened 1st July, 1940 as was the Highway from Banff to Jasper Park.

MUNICIPAL AIRPORT

The City of Calgary maintains and operates a modern airport situated just outside the City Limits to the north. It is on the main highway to Edmonton and within five miles of the centre of the City. Exceeding 1200 acres its 150 foot width runways total more than 6400 feet in length and places the City on the main route of Trans Canada Air Lines.

OIL AND GAS FIELD

Turner Valley gas and oil fields, 45 miles southwest of Calgary produced in 1948 over 40% of the Province's Crude Oil, and 12 new wells are increasing the output of the field from month to month. Two classes of oil are produced — naphtha and crude. Naphtha is extracted from wet gas, a portion of the gas after treatment being piped to Calgary for domestic uses. Good roads lead from Calgary to the field thus affording a fine auto trip.

While oil field developments further north have tended to attract public interest, nevertheless new companies con-

tinue to establish their Head Offices here and more and more is Calgary becoming known as the "Oil City" and four refineries with a total Capacity of 15,700 barrels a day are in operation here at present.

SURROUNDING COUNTRY AND RESOURCES

Tributary to Calgary is a most prosperous agricultural, beef raising and ranching districts in area some thousands of square miles, and by virtue of the nutritious and abundant grasses growing throughout the surrounding territory, cattle raised in this locality are of the best; and by reason of its favorable climate and fertility of the soil, grain and vegetables produced in this district are excellent.

IRRIGATION AND FARMING

Calgary is the headquarters of one of the largest irrigation projects on the continent. Water for irrigating the fertile belt stretching from Calgary north east and south, is obtained from the Bow River. The head-gates of the main canal are located inside the eastern city limits.

In the agricultural world Calgary, being the centre of thousands of acres of both irrigated and non-irrigated lands famous for spring, fall, and winter grains of all kinds, vegetables and wild and cultivated grasses, is highly attractive to prospective settlers and investors. As a direct result of this location and the productivity of the surrounding areas, a large stockyard and packing plants operate in Calgary and the grain trade of the Province of Alberta is centred here. Calgary's im-

Glenmore Dam spillway located in southern section of Calgary on the Elbow River, source of the city's water supply. Rosettis Studios Photo

portance as a grain centre has been officially recognized by the Government of the Dominion of Canada, by the operation of a terminal in this city.

RAILWAYS AND MARKETS

With two transcontinental railways operating into the City, and other branch lines projected, Calgary offers the wholesaler and the retailer great facilities for trade throughout the whole of the Dominion. This, coupled with an ideal location in the heart of a rapidly and ever-growing market and in the centre of tributary lands containing bountiful supplies of raw materials, places Calgary conspicuously before the manufacturer.

MINERALS, ETC.

Untold mineral wealth underlies the soil, waiting for time and invested capital ere an idea can be conceived as to the intrinsic value and the benefits which accrue to Calgary, Canada and the British Empire therefrom. Chief among the minerals and other products of the lower stratas of the earth, found in the Calgary district are iron, lead, coal (bituminous, lignite, anthracite and coking), silicate sandstone, brick clay and shale, pottery clay, fire clay, etc.

INDUSTRIES

The chief industries located in Calgary and district are: Ranching, farming, meat packing and meat products, oil refinery, manufacturer of flour, biscuits, breakfast foods, breweries, temperance drinks, cement and cement blocks, rough and finished lumber, wood-working plants, sash and door

mills, beds and mattresses, saddlery and leather goods, show cases, tents, confectionery, cigars, soap and similar commodities, ironworks, machine shops and welding. C.P.R. repair shops for western division, liquid air plant, brick-yards, bakeries, dairies and butter, etc., stockyards, tannery, headquarters of coal companies, headquarters in province for insurance companies, horticultural, box factory, Ford assembly plant, automobile repair shops.

MUNICIPAL OWNERSHIP

Calgary is essentially a City owned and operated for its citizens' benefit through their elected representatives and owing to this fact its inhabitants enjoy an excellent service from the various municipal undertakings. Commencing in the year 1899, the City purchased the existing Waterworks system. Since that time the Public Utilities of the City have been extended to include Electric Light and Power, and Transit systems.

THE INGLEWOOD BIRD SANCTUARY

Comprises an area of four hundred acres within the City limits and provides Calgary with an unique attraction.

Not only are birds of many varieties to be found there during the summer months, but the half-mile long spring lake where the water never becomes colder than 40 degrees and the mile-and-a-half part of the Bow River flowing through the Sanctuary which remain open all winter, provide winter sanctuary for from 3,000 to 5,000 wild ducks and geese annually.

A General View of Calgary from North Hill Rosettis Studios Photo

It is interesting to note the beneficial effect of wintering water-fowl at Inglewood in the increased size of their offspring while during all seasons wild ducks, wild geese, and an occasional wild swan from Inglewood may be seen feeding on the open river water in the residential parts of Calgary.

The Alberta Government have restocked many Alberta streams with the thousands of trout that have been reared in the Inglewood ponds.

MUNICIPALLY-OWNED INDUSTRIAL SITES

Calgary offers to manufacturers industrial sites owned by the Corporation at the cost price. These are located in various parts of the City and the first were purchased in 1911 to provide for industrial development.

NATURAL GAS

Natural Gas was first discovered in commercial quantities in the Bow Island field in 1908.

The Canadian Western Natural Gas, Ltd., was formed in 1912 for the purpose of supplying Calgary, Lethbridge and the intervening towns with natural gas. On April 11th, 1912, work was commenced on a 16-inch steel trunk line between Bow Island and Calgary, a distance of approximately 171 miles, and was completed on July 17th, 1912; thus establishing what is believed to be a record in Natural Gas history. The cost of putting this line into service was over four million dollars.

On August 3rd, 1912, nature's ideal fuel from the Bow Island field was delivered to the householders of Calgary and for some 10 years the Bow Island field was the sole source of supply

Later the Chin Coulee and Foremost fields were developed to augment this supply. In 1922 the company's system was first tied in to the Turner Valley field. At the present time total requirements of the company's entire system are supplied from the Turner Valley field, all gas being purchased from the Madison Natural Gas Co. Ltd. and transported through three transmission lines.

The Bow Island and Foremost fields are now held as a reserve supply, the value of the former having been materially increased by pumping into it some 12 billion cubic feet of otherwise waste gas from Turner Valley.

The Company now serves over 36,000 domestic consumers and over 4,900 commercial and industrial plants, and sells annually in excess of 21 billion cubic feet.

CHILDREN'S AID AND JUVENILE COURT

Office: 4th floor, Police Building
Superintendent—Fred. G. Gardener

The Children's Aid is a civic department. Part of its operations are in conjunction with the Juvenile Court. Its main activities are to look after the needy, delinquent and homeless children of the community.

The Juvenile Court is held at 4th floor Police Building.

Judge—E. M. McKeen

Particulars re. licenses to children to engage in certain trades and re. prohibition of their attendance at pool rooms, etc., are obtainable from the superintendent, or official at the office.

Henderson's

Calgary

Street and Avenue Directory

1953

Method of Numbering Streets, Avenues, and Houses

Calgary streets are numbered from Centre Street, east and west and from Centre Ave., north and south. Example: The first street west of Centre Street and South of Centre Avenue would be First St. S. W., oftentimes called First Street West. The first street east of Centre Street and north of Centre Ave. would be First St. N. E., and so on.

The Avenues are numbered from Centre Ave. and Centre St. Example: The first avenue south of Centre Ave. and west of Centre St. would be First Avenue S. W., and so on; and the first avenue north of Centre Avenue and west of Centre Street would be First Avenue N. W., and so on.

Half streets or intersecting streets are designated "A" or "One-half."

Houses are numbered under the following system. Each lot has a number. The even numbers are on the north side of the avenues and the odd numbers are on the south side of the avenues. On the streets the even numbers are on the east side and the odd numbers are on the west side. Each block numbers from

100 as follows: 116 8th Avenue West, would be on 8th Ave. between Centre and First Street West, 217 8th Avenue West would be on 8th Avenue, between First and Second Streets West. On the streets the numbers run as follows: 211 Centre Street South would be on the west side of Centre Street between Second and Third Avenues, and 712 Centre Street South would be between Seventh and Eighth Avenues, and so on. Each block starts numbering from the hundred following the block preceding it.

Note—The arrangement in the following Street and Avenue Directory is in numerical order, following Centre Avenue and Centre St., which appear first with Avenues preceding Streets. The arrangement by directions is East, West, North East, North West, South East, and South West. Streets and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the west side (odd numbers) will appear first on streets.

CENTRE STREET

From Bow River to Elbow River.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY Every Time It is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1000.

If there were but **One Subscriber** to the **City Directory**—the **One Subscriber** would of necessity have to absorb **The Whole Cost**.

If there were **1000 Subscribers**—each one would have to absorb **1/1000 Part of the Whole Cost**.

From which it is obvious that the **Greater** the number of subscribers—the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity** There is for the **Borrower** to subscribe for the Service.

More Borrowers result in **Fewer Subscribers**, which means **Increased Cost**.

HENDERSON DIRECTORIES LTD.

Business Insurance

**The Classified Section of
the City Directory insures
your business against the
loss of a prospective cus-
tomer who finds only your
competitor listed under
headings covering
your business**

**Make
yourself
easy to find**

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out
your advertisement in the di-
rectory is still good, for old
directories are seldom dis-
carded while they hold to-
gether. Years later many of
these directories will still be
in active use. Your advertise-
ment is still in service

Do you want LONG-LIVED advertising?
